

# Press Release

## Central Agency for Public Mobilization And Statistics

**On the occasion of safer internet day**

### **14.96% Increase in the number of Proportion of Households subscribers Using broadband Internet in 2021**

- Central Agency for public mobilization and statistics issued on 7 / 2 / 2022 a press release on the occasion of safer Internet day. As the world started to celebrate this day since 2005, more than 100 countries around the world celebrate annually such event in the second Tuesday of February with the aim to encourage respectful networking and safer usage for Internet and mobile phones, especially among children and youth as The targeted group for such day is sponsored by the network (Insafe) as one of the EU project initiatives (SAFE BORDERS Project). This year's theme is " All fun and games? Exploring respect and relationships online".
- **Most important Indicators are as follows:**
  1. Total number of subscribers in broadband internet reached 9.99 million at November 2021, versus 8.69 million at November 2020, with an increase of 14.96% due to the common attitude for communicating remotely during covid19 pandemic.
  2. Total number of subscribers in broadband mobile internet reached 65.08 million at November 2021 versus 54.52 million at November 2020, with an increase of 19.37%, due to the internet service availability.

Currently and during covid19 pandemic, internet service became the main method for communication either the communication in work or social communication so it is necessary for all government and non-government corporates to raise the awareness of internet dangerous and working for enact laws to protect Web users from cybercrimes such as credit card data theft and tempering with personal data.
