Kemitt Launches A New B2B Platform

Kemitt today announces the launch of a B2B marketplace for furniture, home accessories, and materials. Ranging from living room sets to bedroom sets, and from dining room tables to office desks, and even raw materials for furniture manufacturing, Kemitt has it all. The new platform is the first of its kind on the market, giving access to thousands of pieces of furniture from hundreds of suppliers.

Kemitt's flagship, the B2C platform allows Customers to access over 30,000 SKU, with on-demand manufacturing and 7-12 days delivery to their doorstep. Kemitt saves customers from having to explore showrooms and furniture stores. By fully digitizing the shopping experience and using the best tech in the market while offering all payment and financing plans. "We are pleased to be able to announce the launch of our new b2b platform. This will be a real game changer in the furniture industry and I am sure you will all agree that we are genuinely excited about the way it is going to bring together manufacturers, suppliers, businesses, micro-financing leaders, and all the industry stakeholders in one place. This is an important step in the evolution of our business and we hope you will join us on this journey". Said Mahmoud Fouad, Kemitt's CEO and Co-Founder.

Kemitt makes furniture and materials procurement simple and easy by providing an all-in-one B2B platform where businesses can browse, discover and request quotations of products from their favorite of over 400+ supplier, then receive a quotation with the prices & timeframes within 48 hours. The client will also have the access to several financial solutions and payment options including installment plans. With Kemitt

Business, retailers and businesses have a faster and easier path to get instant quotations.

Mohamed Hedayat, Kemitt's Managing Director and Co-Founder mentioned "In a world where consumers are more savvy than ever, it's no surprise that they're demanding more when it comes to their purchases. This new platform is a part of Kemitt's vision of building the one-stop tech solution for furniture industry, where manufacturers and distributors to place large orders that will allow it to deliver solutions for retailers and distributors alike".

Through this, the new business-to-business platform is a part of Kemitt's mission to digitize the furniture industry by introducing an innovative solution that manages the entire furniture supply chain from design to delivery. It provides manufacturers with the tools they need to sell directly to retailers, while giving retailers unprecedented access to thousands of products from hundreds of manufacturers.
