TN No. 177 Dated 07<sup>th</sup> December 2023

## TRADE NOTICE

Dear Valued Customer,

### Sub: Arrival of 2 new STS Cranes/QCs at ICTT on 10.12.2023

As part of the next phase of our capacity expansion, we are pleased to inform you about the arrival of 2 new STS Cranes (QC) on the vessel m.v. ZHENHUA. The vessel is expected to berth ICTT on 10<sup>th</sup> December, 2023 around 0900 hrs (tentative) and the discharge of the cranes is expected to continue tentatively until around 15<sup>th</sup> December. During the period of discharge of these cranes, we will be servicing all vessels on the V2 berth. We have operationally planned that all our 4 existing STS cranes will be made available for the vessels being worked on V2, as necessary. We expect to turnaround all vessels during this period without any major disruptions.

Due to Cyclone Michaung, vessel arrivals to ICTT is constantly changing. We request that you keep us regularly advised of the schedule of your vessel so that we can adjust the berthing plan to ensure that your good vessel is accommodated with minimal waiting at anchorage.

With the arrival and commissioning of the 2 new STS cranes, ICTT expects to deliver an enhanced level of service to our esteemed customers.
