

## Cairo Festival City's Business District Welcomes Huawei New Headquarters, Adding Another Multinational Brand to Its Impressive Portfolio

**Cairo, 20 October, 2024:** Cairo Festival City, owned and operated by Al-Futtaim Real Estate, is proud to announce the inauguration of Huawei's new office, the global leader in ICT infrastructure and smart devices, within the city's thriving Business District at Podium II. As one of the district's largest key tenants, Huawei currently occupies over 9,000 sqm of prime office space, further strengthening the Business District's roster of multinational corporations and reinforcing its position as a premier destination for global businesses.

Huawei's state-of-the-art office is designed and built on a foundation of advanced technological infrastructure, tailored to support its Egypt operations. The workspace promotes collaboration and innovation through cutting-edge design and resources. Equipped with modern meeting spaces, high-speed fiber optic networks, advanced safety systems, and flexible layouts, Huawei's new office at CFC exemplifies the brand's dedication to fostering a world-class work environment. It seamlessly aligns with Huawei's global vision, commitment to excellence, and focus on employee well-being.

CFC's Business District continues to attract global enterprises, such as PepsiCo, Amazon, ExxonMobil, EY, Siemens, Network International, and Allianz, to name a few, offering a prime location in New Cairo with easy access to key areas across the city. The Business District provides flexible, world-class office spaces within a mixed-use environment that combines retail, dining, entertainment, residential areas, and an international school, making it ideal for businesses seeking connectivity, convenience, and a healthy work-life balance.
