

**Gentlemen/Stock Exchange
Disclosure management**

Dear Sir

In the context of Egypt Gas Company's efforts to achieve integration in the natural gas distribution sector, and under the slogan of continuous development and attracting foreign expertise and investments for expansion in industry and production.

Egypt Gas is today witnessing the inauguration of the EGYFCO factory for the production of polyethylene pipes. This is the result of a successful partnership between the Swiss Group Georg Fischer, the UAE-based Green Coast Enterprises, and Egypt Gas.

The partners are celebrating the commencement of production at their factory, established over an area of 25,000 square meters in the 10th of Ramadan City, targeting the natural gas and water sectors with a production capacity of up to 25,000 tons annually. This marks a strong beginning for Egypt Gas in entering the industrial investment field, serving the natural gas distribution activity and benefiting the national economy.

It is worth noting that the Board of Directors of Egypt Gas Company approved decision number (11) of 2019 on November 25, 2019, previously disclosed on November 26, 2019, regarding the signing of an agreement to establish the joint venture "Egypt Gas ,Georg Fischer ,Green Coast" for the production of polyethylene (PE) pipes, with Swiss-UAE partnership.

We would like to inform you that the factory for the production of polyethylene (PE) pipes was inaugurated today, Thursday, November 28, 2024.

Best Regards

Investor Relations Manager
