

High-Level Event

“Implementing the EU-Egypt Strategic and Comprehensive Partnership: Accelerating Strategic Investment, Industrial Transformation and Innovation”

22 October 2025

14:00 – 20:00

European Commission,

Charlemagne building, Rue de la Loi 170, 1000 Brussels

*Nineteen months after the launch of the EU-Egypt Strategic and Comprehensive Partnership, the first-ever EU-Egypt Leaders’ Summit marks a pivotal opportunity to convert shared ambition into concrete results across all six Partnership pillars. Underpinned by **landmark achievements** – like the Investment Conference in 2024, the launch of the EU-Egypt Investment Platform in 2025, the EUR 5 billion Macro-Financial Assistance package and the successful conclusion of Egypt’s association to Horizon Europe – our cooperation is already delivering real momentum.*

*By convening **top political and business leaders** from the EU and Egypt, financial institutions, industry association and business pioneers, the event will help give visibility, operationalise and advance our partnership’s forward-looking agenda and set the stage for a more resilient, competitive and innovation-driven EU-Egypt future. It will focus on **driving sustainable competitiveness and high-impact investments** in strategic sectors like clean tech value chains, fostering a dynamic innovation ecosystem that connects public and private stakeholders across both regions. The discussions will catalyse dialogue on co-investment opportunities, strategic public-private partnerships, and the regulatory reforms needed to **unlock capital**, attract long-term private investment and support a competitive, future-ready economy.*

Draft agenda

14:00 – 14:30 | Opening Session

- H.E. Ms Dubravka Šuica, European Commissioner for the Mediterranean
- H.E. Mr Badr Abdelatty, Minister of Foreign Affairs of Egypt
- H.E. Eng. Hassan ElKhatib, Egyptian Minister of Investment & Foreign Trade.

14:30 – 15:30 | High-level Panel: Building a Strategic Investment Corridor between Egypt and Europe

A focused dialogue on macroeconomic reforms, regulatory environment, and Egypt's comparative advantages.

This session will offer a focused dialogue on how Egypt and the EU can deepen economic cooperation and unlock strategic investments across key sectors. Discussions will highlight Egypt's reform momentum, its regulatory environment, and comparative advantages—including its industrial potential and role as a gateway to regional markets. The session will also reflect on how strategic investments in critical infrastructure, sustainable industrial value chains, and enabling sectors can drive shared resilience, competitiveness, and long-term prosperity. An open Q&A will follow to allow for audience engagement.

15:30 – 16:30 | High-level Panel: Strengthening industrial competitiveness and sustainable value chains

Advancing EU-Egypt cooperation to future-proof industries, foster public-private investment, and align with global market trends

This session will explore how to strengthen industrial competitiveness by scaling sustainable, future-oriented value chains and promoting the uptake of clean and resource-efficient technologies. Discussions will highlight how deeper public-private cooperation, targeted innovation, and enabling frameworks can support Egypt's ambitions to modernise its industrial base, align with evolving global standards, and access new market opportunities. An open Q&A will follow to allow for audience engagement.

Key sectors targeted: clean tech manufacturing, hard-to-abate industries (fertilisers, cement, power generation, steel), hydrogen, logistics and shipping

16:30- 16:45 | Coffee Break

16:45 – 17:45 | High-level Panel - Innovate to Elevate: putting research and innovation at the heart of competitiveness

This session will focus on strengthening Egypt's innovation ecosystem by fostering closer ties between industry, academia, and incubators—ensuring that research translates into market-ready solutions and industrial impact. With a focus on applied innovation, digitalisation, and industrial modernisation, the discussion will explore how public-private cooperation can accelerate technology deployment, support local manufacturing capabilities, and create new business opportunities. Speakers will also reflect on how Egypt and the EU can jointly scale up innovation platforms, R&D investment and entrepreneurship to drive sustainable competitiveness. An open Q&A will follow to allow for audience engagement.

18:00 | High-Level Closure

18:00 – 20:00 | Networking cocktail

An opportunity to connect, extend conversations and explore partnerships
