

# **Legora partners with Al Tamimi & Company to launch its legal AI platform as it enters the Middle East.**

**Dubai, 31st October 2025** — Al Tamimi & Company, the leading full-service law firm in the Middle East and North Africa, today announced a firmwide rollout of Legora, the collaborative AI platform for legal professionals trusted by over 400 customers globally. This marks Legora's breakthrough into the Middle Eastern legal market – and the launch of its platform in Arabic.

With Legora now in their hands, Al Tamimi & Company's lawyers will be able to make use of its suite of AI tools and agentic capabilities to work smarter, faster, and with greater strategic impact - allowing teams to reduce time spent on high-volume, low-value workflows and focus on the high level strategic advisory services that clients truly value.

The announcement marks Legora's first entrance in the Middle Eastern market, continuing its strong expansion that has seen Legora double the number of markets – from 20 to over 40 – it is active in over the past 6 months.

As part of this strategic partnership, Al Tamimi & Company will collaborate with Legora to develop the platform's Arabic interface. This collaboration allows the firm to seamlessly integrate Legora into its existing workflows, while ensuring the platform is fully adapted to the region's legal landscape. By embedding the nuances and unique technical aspects of the Middle East's legal system from day one, Legora will be able to serve the Arabic-speaking market efficiently and effectively.

**Colin Short, Chief Information Officer at Al Tamimi & Company, said:** *“Our partnership with Legora works because we share the same priorities: solving real problems, not chasing trends. Their willingness to work with us to dive into the legal verticals and commitment to providing an Arabic interface demonstrates they're not just another vendor; they're genuine partners invested in our region.”*

**Max Junestrand, CEO of Legora, added:** *“This partnership with Al Tamimi & Company marks a key milestone for Legora as we break into another global market with the leading firm in the region. We're dedicated to supporting Al Tamimi at every stage – from rollout to long-term impact.”*

**-ENDS-**
