#### **7-Summary of the company's performance for the last fiscal year.**

DTC's revenue for FY 2024 increased by 12% year-on-year to AED 2.20 billion, enabled by robust performance across all its segments, as Dubai's population and tourism growth and urban expansion drove demand for mobility services. Capitalising on these trends, DTC expanded its fleet and benefited from an increased number of trips.

Operating profit for the year increased by 17% year-on-year to AED 412.0 million, supported by strong topline growth and the company's focus on delivering operating efficiencies. Reported net profit declined by 4% year-on-year to AED 331.3 million, due to the introduction of corporate tax in the UAE and increased interest costs. However, on a comparative basis, excluding tax and interest costs, net profit witnessed a robust 18% year-on-year increase.
