

Egypt is Africa's Fastest Fixed Country according to results from tests taken with Ookla Speedtest® for for Q3-Q4 2024. Ookla recognizes Egypt's commitment to delivering fast speeds to the country

AFRICA'S FASTEST FIXED COUNTRY

Region	Download (Mbps)
Cairo	65.31
Giza	64.41
Gharbia	67.61

Regional Speeds
 Along with providing the fastest fixed speeds in Africa, we have listed some of the cities within Egypt with high internet speeds.

"Egypt's Speedtest Awards win for the fastest fixed network speeds in Africa during Q3 and Q4 2024 is a testament to its relentless pursuit of innovation and connectivity excellence. At Ookla, we commend the efforts of all network providers in the country for their role in shaping a more connected and digitally empowered future for Africa."

Stephen Bye, President and CEO of Ookla, a division of Ziff Davis

Methodology

"Africa's Fastest Fixed Country" in speed was determined by evaluating each country in Africa's Speed Score (All Providers Combined) in Q3-Q4 2024. To determine the fastest country for fixed network, Ookla assesses the Speed Score from all test results in the region.

"Africa's Fastest Fixed Country" acknowledgement, as well as the reports contained within the Speedtest Intelligence® Portal, represent Ookla's view of our data using the science and methodologies that go into benchmarking networks. With over 18 million consumer-initiated tests taken daily on Speedtest®, Ookla provides invaluable insight into the performance, quality and accessibility of networks worldwide. As the preferred data provider for telecommunications operators, regulatory bodies, trade bodies, analysts, journalists, universities, nonprofits and government agencies, Ookla helps these organizations to fully understand the state of networks worldwide, by location and provider.
