Matouk Bassiouny welcomes Stefano Beghi as Of Counsel to its UAE Offices

We are pleased to announce that Stefano Beghi has joined Matouk Bassiouny as Of Counsel in the Corporate and M&A practice group in our Dubai office.

Stefano brings over three decades of experience advising clients across the EMEA region on corporate, commercial, and M&A matters. Having worked extensively in Asia and the UAE for almost fifteen years, he offers a strong command of the local legal environment, complemented by a global outlook and cross border execution capabilities.

Stefano previously served as a partner in the international M&A practice at Seyfarth Shaw, held senior partner roles at Gianni & Origoni, where he helped lead operations in Italy, India, Hong Kong, and Shanghai, and also spent a decade with Ernst & Young and Andersen Legal in Europe.

His cross-border capabilities and cultural fluency make him a trusted advisor to multinationals navigating high-value transactions and strategic investments.

We are confident that Stefano's joining will further strengthen our regional offering and enhance the value we deliver to clients across industries and borders.
