Independent auditors' report on review of condensed consolidated interim financial statements

To the Shareholders of Qatar Navigation Q.P.S.C.

Introduction

We have reviewed the accompanying 30 June 2025 condensed consolidated interim financial statements of Qatar Navigation Q.P.S.C. (the "Company") and its subsidiaries (together the "Group"), which comprises:

- the condensed consolidated interim statement of profit or loss for the six-month period ended 30 June 2025;
- the condensed consolidated interim statement of comprehensive income for the six-month period ended 30 June 2025;
- the condensed consolidated interim statement of financial position as at 30 June 2025;
- the condensed consolidated interim statement of changes in equity for the six-month period ended 30 June 2025;
- the condensed consolidated interim statement of cash flows for the six-month period ended 30 June 2025; and
- notes to the condensed consolidated interim financial statements.

The Board of Directors of the Company is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with IAS 34, 'Interim Financial Reporting'. Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Qatar Navigation Q.P.S.C.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 June 2025 condensed consolidated interim financial statements are not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting'.

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the six-month period ended 30 June 2025

1. REPORTING ENTITY

Qatar Navigation Q.P.S.C. (the “Company” or the “Parent”) was incorporated in accordance with the provisions of the Qatar Commercial Companies Law No. 11 of 2015 (and all its amendments) as a Qatari Public Shareholding Company, and it is registered at the Ministry of Commerce and Industry of the State of Qatar with the Commercial Registration number 1 dated 5 July 1957. The registered office of the Company is located at Street No. 523, Zone 56, Umm Al Saneem Area, East Industrial Road, Doha, State of Qatar. The shares of the Company are publicly traded on the Qatar Stock Exchange since 26 May 1997.

These condensed consolidated interim financial statements comprise the Company and its subsidiaries (collectively referred as the “Group” and individually as the “Group entities”) and the Group’s interests in equity-accounted investees.

The principal activities of the Group, which remain unchanged from the previous period, include the provision of marine transport, acting as agent to foreign shipping lines, offshore services, sale of heavy vehicles, ship repair, fabrication and installation of offshore structures, land transport, chartering of vessels, real estate, investments in listed and unlisted securities, trading of aggregates, building materials, warehousing, and supply chain management.

The structure of the Group has not changed since the last annual consolidated financial statements as at and for the year ended 31 December 2024 (the “latest annual financial statements”). However, during the period the Group has incorporated four new subsidiaries in overseas jurisdictions.

The condensed consolidated interim financial statements of the Group were authorised for issue by the Company’s Board of Directors on 30 July 2025.

2. BASIS OF CONSOLIDATION

2.1 Basis of preparation

The condensed consolidated interim financial statements for the six months ended 30 June 2025 have been prepared in accordance with IAS 34 *Interim Financial Reporting* and should be read in conjunction with the Group’s last annual audited consolidated financial statements as at and for the year ended 31 December 2024 (‘last annual financial statements’). They do not include all of the information required for a complete set of financial statements prepared in accordance with IFRS Accounting Standards. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group’s financial position and performance since last annual financial statements. All values are rounded to the nearest thousands (QR’000) except otherwise indicated.

The significant judgments made by management in applying the Group’s accounting policies and the key sources of estimation uncertainty and Group’s financial risk management objectives and policies were the same as those that applied to the consolidated financial statements as at and for the year ended 31 December 2024 except for the application of accounting policy as mentioned below.

Non-current Assets Held for Sale

Non-current assets are classified as held for sale if it is highly probable that they will be recovered primarily through sale rather than through continuing use. Such assets are generally measured at the lower of their carrying amount and fair value less costs to sell. Once classified as held for sale, property plant and equipment are no longer depreciated.

2.2 New standards, interpretations and amendments

New and amended standards adopted by the Group

The Group adopted the below amendment to standards effective as of 1 January 2025:

Effective date	New accounting standards or amendment
1 January 2025	• Lack of exchangeability - Amendments to IAS 21

The application of the amendment listed above did not have a material impact on these condensed consolidated interim financial statements.

2. BASIS OF CONSOLIDATION (CONTINUED)**2.2 New standards, interpretations and amendments (continued)****Impact of new standards (issued but not yet adopted by the Group)**

Effective date	New accounting standards or amendment
1 January 2026	<ul style="list-style-type: none"> • Classification and Measurement of Financial Instruments – Amendment to IFRS 9 and IFRS 7 • Contract referencing Nature-dependent Electricity – Amendment to IFRS 9 and IFRS 7 • Annual improvements to IFRS Accounting Standards – Volume 11
1 January 2027	<ul style="list-style-type: none"> • IFRS 18 Presentation and Disclosure in Financial Statements • IFRS 19 Subsidiaries without Public Accountability: Disclosures
To be determined	<ul style="list-style-type: none"> • Sale or Contribution of Assets between an Investor and its Associate or Joint Venture – Amendments to IFRS 10 Consolidated Financial Statements and IAS 28 Investments in Associates and Joint Ventures

The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

3. USE OF JUDGMENTS AND ESTIMATES

In preparing these condensed consolidated interim financial statements, management has made judgments and estimates about the future, that affect the application of Group's accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those described in the last annual financial statements.

Measurement of fair values

A number of the Group's accounting policies and disclosures require the measurement of fair values, for both financials and non-financial assets and liabilities.

When measuring the fair value of an asset or liability, the Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted market price (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the assets or liability either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3: inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or liability might be categorised in different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Term deposits maturing after 90 days	<u>88,444</u>	<u>514,855</u>

- (i) Investments in term deposits earn interests at market rates.
- (ii) Term deposits are assessed to have low credit risk of default since these banks are highly regulated by the central bank of Qatar. Accordingly, the Group estimates the loss allowance on balances with banks at the end of the reporting period at an amount equal to 12-month ECL. None of the balances with banks at the end of the reporting period are past due and taking into account the historical default experience and the current credit ratings of the bank, the Group has assessed the ECL to be immaterial.

8. CASH AND CASH EQUIVALENTS

For the purpose of the condensed consolidated interim statement of cash flows, cash and cash equivalents comprise of the following items:

	<u>1,195,746</u>	<u>1,034,705</u>

12. INCOME TAX EXPENSE**A) Income tax expense for the period**

Income tax expense is recognised at an amount determined by multiplying the profit (loss) before tax for the interim reporting period by management's best estimate of the annual income tax rate expected for the full financial year, adjusted for the tax effect of certain items recognised in full in the interim period. As such, the effective tax rate in the interim financial statements may differ from management's estimate of the effective tax rate for the annual financial statements.

B) Global minimum top-up tax

The Group is subject to the global minimum top-up tax under Pillar Two tax legislation. On 27 March 2025, Qatar published in the Official Gazette, Law No. 22 of 2024 amending specific provisions of the Income Tax Law promulgated under Law No. 24 of 2018 by introducing Domestic Minimum Top-up Tax ('DMTT') and Income Inclusion Rule ('IIR') with a minimum effective tax rate of 15 percent. The amendments are effective from 1 January 2025 and the related regulations on implementation, compliance and administrative provisions are expected to be issued by the General Tax Authority in the near future.

12. INCOME TAX EXPENSE (CONTINUED)**B) Global minimum top-up tax (continued)**

The top-up tax relates to the Group's operations in the State of Qatar ('Qatar'), Germany, Singapore, UAE, India, UK, Luxembourg, Malta and KSA. Except for India, KSA and Malta, all countries where the Group operates have enacted the Global Minimum Tax Regulation. However, the Group does not have any current tax impact in Germany and Malta because of international shipping operation which are under tonnage tax regime; UK and KSA are dormant as of 30 June 2025; Luxembourg and Singapore income are considered under Domestic Minimum Top-up Tax rules introduced therein and UAE branch is incurring losses, which does not have any top-up tax impact.

The Group has not recognized any top-up tax for the six-month period ended 30 June 2025 as the income tax expense is higher than the minimum tax to be recognized under pillar two tax legislations.

The Group has applied a temporary mandatory relief from deferred tax accounting for the impacts of the top-up tax and accounts for it as a current tax when it is incurred.

13. FAIR VALUES OF FINANCIAL INSTRUMENTS

Financial instruments comprise of financial assets, financial liabilities and derivative financial instruments.

Financial assets consist cash and cash equivalents, financial assets at FVOCI, investment in term deposits, investment in deposits, equity instruments at FVOCI, financial assets at FVTPL, loans granted to LNG companies, other financial assets and receivables. Financial liabilities consist of loans and borrowings and payables. Derivative financial instruments consist of interest rate swaps.

Carrying amounts and fair values

A comparison by class of the carrying value and fair value of the Group's financial instruments that are measured at fair value in the condensed consolidated interim statement of financial position are set out below:

	<i>Carrying amount</i>		<i>Fair value</i>	
	<i>30 June 2025 (Reviewed) QR'000</i>	<i>31 December 2024 (Audited) QR'000</i>	<i>30 June 2025 (Reviewed) QR'000</i>	<i>31 December 2024 (Audited) QR'000</i>

Equity instruments at FVTPL	<u>647,068</u>	<u>645,751</u>	<u>647,068</u>	<u>645,751</u>
Financial assets (liabilities) at fair value through other comprehensive income				
Financial assets at FVOCI	2,882,867	2,854,287	2,882,867	2,854,287
Derivative financial instrument				
Interest rate swaps (cash flow hedge)	<u>(5,961)</u>	<u>939</u>	<u>(5,961)</u>	<u>939</u>
	<u>2,876,906</u>	<u>2,855,226</u>	<u>2,876,906</u>	<u>2,855,226</u>

13. FAIR VALUES OF FINANCIAL INSTRUMENTS (CONTINUED)**Measurement of fair values**

The fair value of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

- Cash and cash equivalents, investments in deposits, investment in term deposits, trade and other receivables, trade and other payables, and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- Loans and borrowings and investments in deposits are carried at amortized cost and their carrying amounts approximate their fair values.
- Fair value of quoted financial assets at FVOCI is derived from quoted market prices in active markets.
- Fair value of unquoted financial assets at FVOCI and equity instruments at FVTPL is estimated using appropriate valuation techniques.
- Loans granted to LNG companies are evaluated by the Group based on parameters such as interest rates, specific country risk factors, individual creditworthiness of the customer and the risk characteristics of the financed project. As the reporting period, the carrying amounts of such receivables are not materially different from their calculated fair values.

The Group enters into derivative financial instruments with various counterparties, principally financial institutions with investment grade credit ratings. Derivatives are valued based on market valuation provided by the respective financial institution.

The Group held the following financial instruments measured at fair value at the reporting period:

	<i>30 June 2025 QR'000</i>	<i>Level 1 QR'000</i>	<i>Level 2 QR'000</i>	<i>Level 3 QR'000</i>
Financial assets measured at fair value through profit or loss:				
Equity instruments at FVTPL	647,068	-	149,495	497,573
Financial assets measured at fair value through other comprehensive income:				
Quoted shares	1,832,725	1,832,725	-	-
Unquoted shares	45,203	-	-	45,203
Unquoted investments in foreign companies	430,830	-	430,830	-
Investments in corporate bonds	574,109	81,359	492,750	-
Derivative financial instruments				
Interest rate swaps	(5,961)	-	(5,961)	-

13. FAIR VALUES OF FINANCIAL INSTRUMENTS (CONTINUED)**Measurement of fair values (continued)**

	<i>31 December</i> <i>2024</i> <i>QR'000</i>	<i>Level 1</i> <i>QR'000</i>	<i>Level 2</i> <i>QR'000</i>	<i>Level 3</i> <i>QR'000</i>
Financial assets measured at fair value through profit or loss:				
Equity instruments as FVTPL	645,751	-	147,298	498,453
Financial assets measured at fair value through other comprehensive income:				
Quoted shares	1,855,281	1,855,281	-	-
Unquoted shares	14,053	-	-	14,053
Unquoted investments in foreign companies	372,936	-	372,936	-
Investments in corporate bonds	612,017	82,765	529,252	-
Derivative financial instruments				
Interest rate swaps	939	-	939	-

During the six-month period ended 30 June 2025, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfers into and out of Level 3 fair value measurements.

The Group does not hold credit enhancement or collateral to mitigate credit risk. The carrying amount of financial assets therefore represents the potential credit risk.

The tables above illustrate the classification of the Group's financial instruments based on the fair value hierarchy as required for complete sets of financial statements. This classification provides a reasonable basis to illustrate the nature and extent of risks associated with those financial instruments.

14. RELATED PARTY DISCLOSURES

The following table provides the total amount of transactions that have been entered into with related parties during the six-month period ended 30 June 2025 and 2024, as well as balances with related parties as at 30 June 2025 and 31 December 2024:

16. SEGMENT INFORMATION

Group is organised into six pillars as follows, which constitute five reportable segments (strategic divisions):

- Milaha Capital provides corporate finance advisory services to the Parent and its subsidiaries, in addition to managing its proprietary portfolio of financial and real estate investments and holding the investment of Qatar Quarries and Building Material Company W.L.L.
- Milaha Maritime & Logistics delivers a comprehensive range of services to major importers, exporters and shipping companies in the region, including oil & gas majors. The activities include logistics services, container feeder shipping, non-vessel operating common carriers (NVOCC) operations, bulk shipping, shipping agencies, port management and operations, shipyard and steel fabrication.
- Milaha Offshore provides comprehensive offshore support services to the oil and gas industry across the region. The group currently operates a fleet of offshore service vessels, which include safety standby vessels, anchor handling tugs, crew boats, workboats and dynamic positioning (DP) vessels. It provides a complete range of diving services including saturation diving.
- Milaha Trading is engaged in trading trucks, heavy equipment, machinery and lubrication brands in Qatar. The segment markets its products and provides critical after sales service.
- Milaha Gas and Petrochem owns, manages and operates a fleet of LPG and LNG carriers and provides ocean transportation services to international energy and industrial companies. It further owns and manages a Floating Storage and Offloading (FSO) unit.
- Milaha Corporate provides necessary services to all the pillars to run their respective business. These services are costs of management, corporate development and communications, internal audit, legal affairs, shared services, information technology, procurement, human resources and administration and finance. The costs are subsequently allocated. Adjustments with respect to Milaha Corporate represent costs captured and subsequently allocated to various business pillars by way of a laid down methodology.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss and is measured consistently with operating profit or loss in the condensed consolidated interim financial statements.

Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.
