

Central Bank of Egypt Collaborates with International Finance Corporation to Host Sustainable Finance Conference

The Central Bank of Egypt (CBE), in cooperation with the International Finance Corporation (IFC), is hosting a conference under the theme “Innovating for Resilience: Financing for a Sustainable Future” on Sunday, February 15, 2026. The event will bring together senior policymakers, representatives of financial institutions, and private sector leaders to enhance the efficiency of financial systems in addressing challenges related to climate change.
